

Viwify E Series

Purpose-built to maximize creative & engaging collaborations, Viwify E series support your approaches to interactive learning. Meet the needs of digital and conventional education environments of all ages, disciplines, and environments, while fitting your budget.

From 4K anti-glare screen to multi-screen interaction, Viwify E comes with the best-in-class features to enhance the learning outcomes. The exceptional viewing experience, unmatched quality, & guaranteed longevity keep the experience seamless and your investment worthwhile.

Digitize your classrooms. Entice & engage better with **Viwify E Series**

Create a collaborative experience

Maintain your students' focus with an interactive display and create a common experience. An inspired classroom community paves way for a healthy learning environment.

Bring Greater Inclusivity

Offer much more learning opportunities to students- from kinesthetic learners to auditory & visual learners to early learners & advanced learners, with interactive display screens.

Enhance the teaching approaches

Interactive displays captivate, improves attention span, & boost student engagement. Teachers can leverage this to help your students learn more, faster & better.

Support Active Learning

One of the greatest advantages that these interactive displays bring into the classroom is its inherent ability to support active learning, and countless collaborations.

Viwify E Series

The easiest interactive tool with advanced collaborative features designed to fit any learning or teaching style

Sleek framing system

The ultra thin, fanless, cablefree design stand at a mere 19mm

IR multi-touch

Supports upto 10 multi-touch points
